

A figure skater in a red dress is performing on an ice rink. She is seen from behind, with her arms outstretched. A bright spotlight shines down on her from above, creating a dramatic effect. The rink is surrounded by a large audience seated in a circus tent with red and white striped curtains. The overall atmosphere is theatrical and festive.

CANSKATER OF THE YEAR

Birkley Paul

Birkley is 4 years old and has been skating with the Moose Jaw Skating Club for 2 seasons. She always comes to the rink with a positive attitude, and a willingness to try anything. Birkley consistently improves every time she is on the ice. Birkley always has a smile or a kind word for everyone. Birkley is an easy skater to coach. She takes direction easily and even when she does not achieve a skill right away, she will keep trying until she does.

Birkley looks forward to playing hockey, and we hope she will continue in our Power Skate program while she does.
